

This architectural floor plan depicts a multi-unit residential building. The layout is organized around a central corridor system. At the top, there are two large rooms labeled 'TERAPILOKAL' (Therapy Room) and 'FÖRRÅD/CYKELFÖRRÅD' (Storage/Bike Storage). Between them is a 'TRAPPHALL' (Staircase) and a 'HISS' (Elevator). To the left of the therapy room is a 'TVÄTTSTUGA' (Laundry Room) and a 'SAMVARO' (Breakfast Room). The central part of the plan features a 'KORRIDOR' (Corridor) with a 'FG+15,90' level marker. Below the corridor are several units, each containing a 'KÖK' (Kitchen), 'VARDAGSRUM' (Living Room), 'SOVRUM' (Bedroom), and 'BAD' (Bathroom). The units are labeled with room numbers like LGH13, GH12, GH11, GH10, and LGH9. There are also 'UTEPL' (Terrace) areas at the bottom. The plan includes various architectural symbols for doors, windows, and furniture, as well as technical annotations like 'F30', 'B30', 'B15', and 'B60'.
