ENTREPLAN

ÖVRE PLAN

Jag vet inte om ni vill ha fönsterdörrar
at båda ändarna här. Jag tycker att det
känns ganska självklart att lägga in en
dörr mot verandan, men jag tänker att
det kanske inte är så enkelt att göra ut i stället
säg och äta lunch med den sydöstra sidan...

Genom att lägga trappan till
sovrummet från entrén vill jag
en del av den ljusa hallen men
utnyttjar ändå den.
Det gör också att man kommer
upp centralt på loftplanet.

Jag har funderat en del på hur man bäst
inreder ett kök. Det är inte helt enkelt
med fönster o dörröppningar och den befintliga
veckamuren...
Jag tror att det bästa är att ha en köksbänk mot
fönsterväggen och helt enkelt låta den passera
fönstret trots att fönsterbänken är lägre.
Det gör att lösa fönstret genom att kalla fönsterbrädan
och utnyttja den till kryddväxter el dyli.

Eftersom de befintliga takstolarna vilar på denna
vägg så skulle jag helst vilja ha kvar den.
Jag tror dessutom att det ger ett väldigt fint
vardagsrum med ljus från tre väderstreck och
gott om plats för många gäster.
